

SMARTBOARD with LAPTOP INSTRUCTIONS

- Download the Dell USB 3.0 Dock D3100 Driver to your laptop.
<https://www.dell.com/support/home/us/en/04/product-support/product/dell-usb3-dock-3100/drivers>
- Install and run the driver.
- Plug the blue USB cord from the Dell Dock (black box under phone shelf) into your laptop
- Press the INPUT hard button (looks like an arrow) on the front of the SmartBoard screen until “DISPLAY PORT” input is selected

- The SmartBoard should now be mirroring your laptop (acting like a monitor)
- Use your laptop to navigate to the desired information.
